

WG-318 AQUA

The Wonder Grip® WG-318 Aqua is a double latex fully coated glove, constructed on a 13-gauge nylon liner. Thanks to Wonder Grip Technology™, the coating brings an unparalleled grip and strength in dry or wet environments.

The WG-318 Aqua is 100% waterproof keeping the user's hands dry and comfortable. It is our preference in terms of grip and flexibility in wet environments. It guarantees comfort and grip while maintaining an excellent level of flexibility. As part of our Net Zero glove range, the WG-318 is proudly manufactured in carbon-neutral facilities, combining advanced protection with our vision for a more sustainable future.
